## The Habanero's Story

Habanero's is a San Antonio success story. We've been serving the best burritos in town since 1996. We make our tortillas from scratch when you order. We marinate our own meat and chicken, we make our salsas from scratch and we use the healthiest possible products we can (like shortening with no trans fat). Our goal is to serve you the best burrito you've **ever** had. You let us know how we can accomplish that and we'll do our best to give you exactly what you want.

If you're not a member of our Habanero Dinero program we think it's the best loyalty club around. We'll send you newsletters to inform, entertain and save you money. You'll get freebies on your birthday and lots of other great benefits. Sign up today and you can earn points for lots of great freebies.

If you really love our food and want to make your next meeting or party a success see us about catering your event. Our food is tasty, we make the event fun, and it's affordable. Ask for a catering menu or ask us for information and we'll fix you up.

And last but not least the Aartvarks did all this so if you like it give 'em a call, give 'em some business (not "the " business) and be nice to them.
